JULY UPDATES, REMINDERS and OFFICE CLOSURES!

It's Official!!

We are moving!

Tuesday, 11 July 2017

It is really daunting to look around and see all of the “things” that have to be taken care of in our current offices and residence where OIRF and I have lived for the past eleven years. This is a major downsizing into about one half of our existing square footage, and the decisions about what stays, what moves (to where) and what goes to the dump become more challenging with each passing day.

Our OIRF offices will be moving into a smaller but bright and sunny commercial unit that we trust will be more efficient and more in tune with our everyday business needs for today and into the future. We are getting excited to set up these new offices and would like to forewarn you about some of the disruptions and changes during this transition period.

Packing and preparing and boxing and all that neat stuff is moving forward daily and we will necessarily be away from our desks during the coming days and weeks. The best way to stay in touch is by email, which we will watch and monitor as closely as possible. We'll pick up the phones whenever we can work our way out from under the piles!

We will handle all orders (especially for the FIT and UBS devices from Medical Electronics) as quickly as possible although there may be a few minor delays in order placement and delivery. Remember to send in your registrations for the Germany Tour as early as possible to ensure your place in this really great program (see brief details below).

So here are some of the dates to watch out for and take into consideration when contacting us with orders and requests.

Effective 15 July 2017 our new office location address is:

Occidental Institute Research Foundation
#103, 1820 Skaha Lake Road
Penticton
British Columbia V2A 6G4
Canada

We anticipate that our phone and email addresses will remain the same, and will keep you posted on any changes. Note that the PO Box 100 mailing address remains the same as the past 22 years with only our location address changing.

Office Closures and “Wonky” Days (that’s a technical term you know):

Expect us to be closed Tuesday, July 18 through Monday July 24 inclusive.

During the transition all of our phones and internet will be moved by the phone, IT and computer guys, and we anticipate at least 3 or 4 days without those services. The best way to contact us is always by email and we should be able to get back to you on or before Monday the 24th.

We appreciate your patience and understanding as we move through this period of change and transition. Stay tuned for breaking news!

Yours in health,

Carolyn

WE'RE MOVING!

P.S. We have already received registrations for the 44th Germany Tour program. I have once again included brief information on this tour on the next page. We recommend early registration to ensure your place as attendance is being strictly limited this year.

Occidental Institute Research Foundation

44th Biological Medicine Tour to Germany

Thursday, October 26 through Wednesday, November 1, 2017

Theme: Putting It All Together: A Comprehensive Overview of Effective Modalities in Biological Medicine

Keynote Speaker: *Manfred Doepp, MD*, Founder of DGEIM, Practitioner and Researcher

Plus exclusive English language lectures for our OIRF group:

- **Clinic Lecture:** Integrative Cancer and Lyme Disease specialist – *Dr. Friedrich Douwes*
 - **Clinic Lecture:** Biological Medicine specialists using multiple modalities – *Dr. Uwe Reuter and Dr. Ralf Oettmeier*
 - **Clinic Lecture:** Diagnostic and Therapeutic procedures and results, as well as newer therapies such as Laser IV Therapy – *Dr. Olaf Kuhnke*
 - **Pharmacy Lecture:** RNA Therapy – *Dr. Georg Stommel and Dr. Siddhartha Popat*
 - **Alfa Thermodiagnosics:** Regulation Thermography – *Dr. Daniel Beilin*
 - **ONDAMED:** Pulsed electromagnetic field therapy with biofeedback – *Dr. Silvia Binder*
 - **THERAGEM:** Fusion Light Therapy utilizing gemstones – *Catharina Jansma*
 - **Med-Tronik:** BioResonance Therapy and Diagnostics – *Nuno Ruivo and Peter Mahr*
- Our private lectures present the latest information and research in our field, with ample time for questions and hands-on.
 - An opportunity to talk with like-minded colleagues and learn from the experience and expertise of attending OIRF Directors and Advisors.
 - Visit and participate in the famous Medicine Week Congress in Baden-Baden
 - Travel in comfort with plenty of room for luggage, and stay in a family run hotel close to Baden-Baden.
 - Tour price of C\$3,895 / US\$2,795 includes full tour program, single room accommodations and most meals
 - Be treated like family with good food, good friends and good conversation in friendly hotels

ADVANCE REGISTRATION IS HIGHLY RECOMMENDED
